

Upgrading from TVs4Jesus 1.5.0.0 to 1.5.0.1

1. Download 5MB file to your local computer:
http://www.tvs4jesus.org/downloads/1.5.0.0_to_1.5.0.1All.tar.gz
2. Using WinSCP upload to Pi server's root directory
3. SSH (recommended) into 10.10.40.3 or connect directly into the Pi Server with Keyboard and Video.
4. type:

```
cd /
```

```
sudo tar -xzf /1.5.0.0_to_1.5.0.1All.tar.gz
```

```
sudo ./1.5.0.1Upgrade.sh
```

(You should see no error messages)

1. type reboot.
2. (You likely will not need to reboot any of the TV Pi)
